MARCONI and Young Socceroo skipper Paul Okon has been transfer-red to FC Brugge for an Australian record fee of \$300,000.

The deal was clin-ched at the weekend at the Marconi club

Fernandez, 52, is one of the most experienced team bosses in Austra-lia, having the enviable reputation of never being sacked from a job. He arrived in this country 28 years ago to-play for St George, and had a three-year stint in New Zealand before returning to the Saints as player-coach.

He moved to the newly-formed Canberra City in 1977 first as assistant to Johnny Warren, then taking over after Warren left. He coached for two searous in Heng Kore and sons in Hong Kong and had a couple of spells in charge of Inter Monaro, the first of which saw the Queanbeyan team win the NSW League championship. His most recent club appointment was with Olympic in the ACT League.

He also is an Austra-lian Soccer Federation staff coach who can be called on to help national team boss Eddie Thomson and assistant Les Scheinflug should the situation arise

Paul Okon — a star is born!

PAUL OKON was born to be a champion soccer player and his \$300,000 transfer to FC Brugge was inevitable.

And it is only the first step in what promises to be a long and distinguished professional career, likely to end up in Italy in the not too distant future.

AC Milan has already stated they intend to watch the youngster's progress at Brugge with more than a keen interest.

And, Okon has made no secret that he has moulded his future along the same lines as Frank Farina.

Farina, of course, joined Brugge from Marconi and has now joined Italian first divi-sion club Bari in a deal estimated around \$5 million. Okon, 19, is a kid who

Okon, 19, is a kid who was steeped in soccer ever since he was knee high to a grasshopper. His father Klaus played with Marconi, Granville and Avala and soccer in the Okon household is more a re-

player with Apia. Paul started his soccer career at the tender age of 4, when he turned out for Fairfield Heights in the junior competition.

When he became 10. he joined Marconi juniors where he gained representative honours for NSW in the under-13, 14 and 18

He then went on to play for the senior NSW side, to captain the Australian Youth team and also to play

for the Olympic and senior national teams.

Bosnich trouble

BRILLIANT Young Socceroo goalkeeper Mark Bosnich has landed in terrible trouble on his return to England from the World Youth Championships in Portugal.

Bosnich 19, who plays with Manchester United was voted the best goalkeeper in the series and the best in the world at his age.

However, when he arrived at Manchester air-port, the British immigration officals confiscated his passport and informed him that he did not have a work permit to play in England.

Because of the critical situation, the youngster's

future with United is now very much up in the air.

To worsen the situation, United boss Alex Ferguson is at present on holiday in the USA.

This has left Mark holed up in his apartment in Manchester, fearful of his future.

If the worst happens, and Bosnich is deported

from England, Moaz is ready to step in with an offer for Mark to join a leading European club.

However, United officials have already stated they are not prepared to lose the world's finest young goalkeeper without one big fight!

The position is expected to be clarified in the next few days.

Sometimes, through a stroke of luck, some-body comes up with a missing link to complete the chain of events. In 1932 an obituary appea-red in a Northern Ireland paper in Milford, Coun-ty Armagh, reflecting on the life of a highly

respected local citizen and businessman.

In it, a certain William McCrum was lauded as a brilliant scholar, story teller and outstanding sportsman. Nothing unusual about that — If it had not contained the reference to the fact that the deceased had been the inspiration behind one of the most momentous changes to the Laws of the Game. It was William McCrum who, in 1890, submitted a proposal for "a penalty kick" to the Irish Football Association Board which incorporated it in the Laws of the Game.

THE obituary on McCrum paints a picture of a person who was a gentleman from head to toe and who was obviously tired of seeing foot-ballers resorting to all kinds of methods to inflict their will or to methods who were not expressly prohi-

William McCrum, the "inventor" of the penalty, came from a highly respectable family. His father, High Sheriff for County Armagh, sent him to the Armagh Royal School. From there he went on to Trinity College in Dublin, where he proved to be a brilliant and well-read scholar.

McCrum, who also became a Justice of the Peace, was member of many committees, organisations and clubs such as the Milford Football Club, of which he was the Chairman, the Irish Football Association, the Armagh Rugby Football Club and the Milford and Armagh Cricket Clubs. In 1987, he presented the Mid-Ulster Association clubs with a challenge cup for a competition that still runs today. The first time the competition was held, it was his own club that won the trophy.

As one of the managing directors of the linen manufactur-ers, McCrum, Watson and Merver, he represented the com-pany's interests in London for a number of years. He spent the best part of his life, however, in Milford, where he had grown up and where he died in 1932 after a long illness.

He had, a result of his position in the Association, a flair for admini-stration and politics, without which his revolutionary idea would har-dly have been imple-mented. It took another man to

realise the penalty as we know it today. Jack Reid, the centre forward for Cliftonville Club, recognised how ingenious McCrum's suggestion was.
With six Irish caps ear-ned between 1883 and 1890, Reid could be described as McCrum's "twin", also enjoying a high position in the Asso-

essential points.

Whereas in previous years the pages had been full up to the last line, the debates held in 1890 fil-led only half a page. It was drily noted that the Irish Association had

withdrawn its proposal and the Board had deci-

ded to discuss the issue of introducing the penalty kick the following year.

The proposal created a storm of protest in the press and the football establishment was shaken to the core.

Copponents of the in-novative idea poured scorn over McCrum des-cribing his suggestion as "the Irishman's mo-tion".

On the pitch, how-ever, the Laws were vio-lated with such increas-

ing frequency that they cried out for a penalty.

The growing popularity of the FA Challenge Cup led to matches being contested with increasing zeal and not only the penalty were left lying by teams were left lying by the roadside but fair play

So it was no surprise when an incident that oc-curred during the quarter final match between Notts County and Stoke City turned the tide of sentiments.

June 2, 1891 was the turning point. The Board met at 6 o'clock in the evening in the Alexandra Hotel, Bath Street, Glasgow with the press ex-cluded.

As the host, the Presi-dent of the Scottish Footdent of the Scottash Poot-ball Association, G. Snedden chaired the meeting and debates in-volving Messrs Sliman (Scotland); Crump, Greg-son (England); Taylor, Hunter (Wales) and Reid. Reid was the only re-

According to the minutes, a comma was dele-ted here and a full stop added there or an amendment inserted until the final result was to everyone's satisfaction.

After acceptance of the new Law, the gentle-men of the Board could not sit back and celebrate their revolutionary decision by wining and

Perhaps they were plagued with a bad conscience for not having done enough the year before so they ended up going through the Laws again.

It was, for William McCrum, vindication of his ideals and the "Irish motion". On the pitch, he was not destined for the high spots but as the inventor of the penalty, he could claim much of the credit for the worldwide attraction of football for himself.

It was made clear from the start that the space between the arc and the penalty area line was not considered as part of the penalty area.

The idea of an arc did not come from the Board but from a few European

Some of the players chosen to take the penal-ty seemed to share this sentiment and deliberately aimed the shot past

In order to stop these habits, the Board stipulated in 1905 that from now on the goalkeeper had to stand on the goal-line between the goalposts but still allowing him to move or even to run from side to side. In 1929, the goalkee-

coaches Les Scheinflug and Raul Blanco had little opportunity to rest on their laurels when they returned last week with the highly successful Australian Under 20 side from the World Youth championships.

Australia finished official fourth in Portugal after losing the third place playoff to the So-viet Union on penalty kicks although both teams were presented with third place medals.

The two coaches will almost immediately re-sume control of the Australian Under 17 team which has qualifi-ed for the World finals in Italy next month.
"I would have liked

some time off to recover from the matches in Holland and Portugal and just to clear my thinking," said Schein-

flug.
"But there isn't sufficient time to spare be cause we must get the Under 17 team into ac-tion so that they won't be under-prepared when they arrive in

Italy.
"At least we'll get some training in Holland and hopefully some matches in Euro-pe to bring them into

match condition."

Scheinflug said the team was still receiving congratulations on its performance in the tournament in which it shocked the betterrated countries with a

series of wins.

The skills displayed by the Young Socceroos, a product of the Scheinflug-Blanco tapulted Australia out

Australia has long been classified by the world body FIFA as a country which needs assistance to aspire to the higher standards of teams from Europe and South America.
"If the next team has

the same spirit as this side, they will make us proud," said Australian Youth captain Paul

"No one expected us to get further than the quarter finals."

"This team came within an inch of being world champion and I hope the public can be shown how close the Young Socceroos came

to a gold medal.
"In two weeks, we have come from being just a little known team to a well known team and everyone wants to be part of it.
"What intrigued peo-

ple was that the Australians never gave up and at the final whistle were

still trying."
Scheinflug said the pressure of the penalty shootout was immense on his young players and further international experience in this area was needed for national teams.

Australia can expect increased foreign tour-nament invitations following its outstanding performance in finis-hing fourth at the World Youth Soccer Champi-onship in Portugal.

striker David Seal and midfielder Lorenz Kindtner, were the only players to be selected in all of the 11 matches involving the Young Soc-

Scheinflug said the biggest factor in Australia's improvement was the gradual acceptance by the Austra-lians that they could match skills with the stars from overseas.

"We have been pre-aching to this team for the 12 months we had them under our control that they should believe in themselves. We've said it over and over," he said

"Visiting coaches, FIFA, everyone could not credit Australia was capable of producing this standard of foot-

milar experience for the Under 17 team it will be a great leadup to what they could achieve in two years when Austra-lia is host to the 1993 World Youth championships."
"Australia is no lon-

ger the 'Down Under' country in world soccer.

"Everyone wants to invite us." "Before the tourna-

ment everyone was tal-king about Europe or South America, now they're saying let's talk about Australia."

"Some of the boys are still overcome by the medal."

"It's like a dream to them, especially as we only had 12 months together not like the years spent by some other co-untries," said Schein-

New Diego stars in Argentina

BUENOS AIRES: Soccer-mad Argentina, shocked by the downfall of Maradona, is pinning much hope in another talented midfielder named Diego.

These days, when fans in the packed stands roar Ole for Diego, they are cheer-ing the nimble-footed

Diego Latorre. Latorre 21, is slightly taller and much slimmer than his namesake.

His ball control, shooting and passing looks just as good but he is not as much of a scapper when it comes to tackling. Although both were

obvious choices for Argentina's team, neither could join the national side on a three-match tour to the United States and England.

Maradona has been banned amid a drug scandal. Latorre was needed by his Boca Juniors club for the semi-finals of the South American Liberta-

dores Cup. With only two full caps, Latorre was sorry to miss the tour. "What bothered me

most is that I missed playing at Wembley. You don't get to play there very often," he said.

After four years as a professional, Latorre is the toast of Boca, Argentina's most popu-lar club.

Italian agents, im-pressed by his ball con-trol, signed him to play for Fiorentina next season.

Latorre met Marado-

na after the Napoli star returned from Italy in April. They talked about Italian soccer and out Italian soccer and
Maradona forecast the
younger Diego would
have no problems making the grade.

Latorre said he was

aware of the tempta-tions lying ahead: "I am going to Italy to play soccer and I am going to stay clear from anything that is not akin to soccer," he said.

The two Diegos come from different backgrounds. Marado-na's mastery landed him his first professio-nal contract at 15 and helped him move his whole family from the suburban slum where he was born.

Latorre hails from a middle-class neighbourhood a few blocks away from the grounds of the Argenti-nos Juniors club, Maradona's first professio-

nal team. While Maradona was with Barcelona, Lator-re had not yet decided which of his favourite sports he would pursue — soccer or tennis.

Soccer came out top saw him playing at his parents' weekend home when he was 14.

Unlike the rakish Maradona, who never finished high school, the self-effacing Lator-re was a top-grades eco-nomics student until he turned professional in

Latorre had one ambition before joining Fiorentina, He wants to win an Argentine League championship playing for Boca — just like Maradona 10 years ago. And he did!

Let's move on!

After all, the United

States, another English-speaking soccer min-now, also shocked every-

now, also snocked every-one by making it to the semi-finals of the 1989 FIFA Coca-Cola Cup in Saudia Arabia, but that had no impact on the lo-cal American game.

The same must not be

allowed to happen here.
The Australian Soccer
Federation, the whole of
the Australia in fact, has

in the Young Socceroos a very marketable product —a promoter's dream.

Unfortunately, seven

all of the players who did us proud in Portugal won't be basking in the spotlight of their succes-ses in Australia for long.

More than a few appear certain to be headed for European

clubs in coming months af-

ter having impressed scouts from all over the world with the quality of

But that is the name of

from the playing and financial aspects.

To have reached the last four in one of the top take notice must

competitions in the world's Number One sport has to rank amongst the very best performances of any Australian team in world team sports.
And when I say sports,

And when I say sports, I mean truly internatio-nal sports, not those only played in a handful of countries like cricket,

rugby or hockey.
The only other achievement that matches the Young Socceroos semi-final appearance in the Youth World Cup is the semi-final appear-ance of both Australian teams — men's and women's — at the Seoul Olympics in that other universal sport, basket-

Australia can consider itself lucky that by a stroke of good fortune the next Youth World Cup finals will be held in Australia.
The ASF must start

planning to make the series in 1993 a huge

While Australia can't hope to match the huge crowds that watched the home team in Portugal, we certainly can do bet-ter than the measly attendances at most matches not involving Portugal.

The organisers should

build their campaign for the 1993 finals around the achievements of the 1991 Young Socceroos, even though Kevin Mus-cat is the only member of this year's squad still young enough to qualify for the 1993 event, for which Australia, of course, qualify automa-tically as host country.

And it will be crucial for the ASF to spare neither money nor time for youth coaches Les Scheinflug and Raul Blanco to start their identification cam-

paigns for 1993 now. No expense should be spared to prepare the

1993 Young Socceroos.

The two-week camp in
Holland by the 1991 Young Roos paved the way for their successes in the finals.

The next Young Soc-ceroos, who will be playing the tournament at home this time, must get even more pre-finals pre-paration if we are to re-

paration it we are to re-peat this year's Portu-guese performance.

A good start to the 1993 campaign will be next month's under-17 World Cup finals in Italy. Hopefully, this vin-ture of locy will pro-

tage of Joeys will pro-duce the bulk of the 1993 Young Socceroos.

After the under-20s'

glorious two weeks in Portugal, it will be the under-17 Joeys' turn to be in the spotlight next

And with Scheinflug and Blanco again at the helm in Italy, the cream of our soccer youth may again stun the world.

BLACKTOWN CITY 2 ROCKDALE ILINDEN 0

SADLY for spectators at the Gabbie Stadium, a promising game failed to eventuate, Blacktown winning 2-0 after having plenty in their favour from the 9th minute.

The game was not al-lowed to flow thanks to some over-zealous refe-reeing and when goalie Kostadinovski was sent off in the 9th minute Rockdale was always going to be up against it. Stan Suman burst into

the Rockdale half and just outside the area, the young 'keeper brought him down and received

his marching orders.
Six minutes later
Rockdale could have had
a goal when Mike Gibson misjudged a corner and in the ensuing melee two shots had to be cleared

off the Blacktown line. The lack-lustre first half gave way to a better second period for the Demons who got the lead in the 50th minute.

Damon Langon made a run on the right, cros-sed for Lawrie McKinna who was able to find an unmarked Geoff Gunning, whose header from seven metres found the mark.

Two minutes later Stan Suman headed against the bar when a Paul Bourke shot had been palmed away by stand in 'keeper Burmuzovski.

otherwise it could have been 2-0 very quickly.

As it was Suman had another goal disallowed in the 63rd and chipped an easy chance straight at the young goalie in the 75th, before Blacktown finally sealed what should have been an empha-tic win in the 79th.

SATURDAY's deferred game between Rockdale and Avala provided fine entertainment for a good crowd at Hurstville Oval. Rockdale taking their chances and running out 2-1 win-ners on the day.

Avala had the better of the first half, but poor finishing let them down. Peter Vukmirovic he-

AVALA continued where they had left off the previous day, dominating territorially and yet wasting endless chances as they could only manage a 1-1 draw with home side Manly North Shore United at Cromer Park.

Several pieces of slack defence allowed Avala in during the game and the locals were lucky not to be well behind before the break.

As it happened the teams were scoreless at half time, most shots co-ming at the Manly, end,

Stephen Berry being the main contributor to the anxiety with many shots missing narrowly.

Three minutes after the restart, when Craig McGregor was brought down right in front, Gabe O'Carroll cleverty lobbed the ball over the wall and into the top right corner of the net.

The kick had to be re-

taken as the referee was still organising the defen-ders, but at the second attempt O'Carroll sim-ply lifted the ball into the top left corner instead, a

feat rarely seen.

Avala was able to draw level again in the 57th, Berry intercepting a John Doyle back pass, only moments after Andrew Prentice had rescu-

ed his side with an edge of the penalty area save at the feet of the same player. Berry missed two

more good chances as Bundaio and Osvaldo El Ali helped themselves to the Lions' share of the ball throughout the match making it hard work for the Manly defence.

He did it his way

coach lan Gibson is free to develop the **ACT First Division** side as he sees fit, the club's director in charge of soccer, Mirko Skrnjug, said.

"At this level our priority is promoting young players over gaining re-sults." he said immedia-tely after Croatia had be-

tely after Croatta had be-aten Weston Creek 2-0 in the semi-final of the Federation Cup.
"That was the under-standing when Ian joined the club, and nothing has changed since.
"Canberra Croatia is the third team of the club

the third team of the club behind the Metro's entri-es in the NSW League and as such is a breeding ground for young players who are just over the age for the NSW Youth Divi-

"There was a bad re-sult in the league last Sunday when we lost to Tuggeranong United 5-0 and Ian did offer his resignation, but it was not accepted. "We have confirmed

We have contrined to him that he is under no pressure to win every game, and that his task is to develop players who can eventually be used by the Metros.

"And as you can see from tonight's game if

from tonight's game, if you bring on the good young players the results often take care of them-

From our man in Canberra Graham Cooke

Skrnjug confirmed that goalkeeper Dennis Maricic will be moved up to the Metro's squad af-ter the injury to Anthony Giannasca.

THE ACT's oldest knock-out competition will be contested by two of its most colourful clubs as a result of the Federati-on Cup semi-finals, played at Deakin

Canberra Croatia beat Weston Creek 2-t while Canberra City shook off the challenge of the only second-division survi-

second-division survivor, ANU, by the same score.

Croatia, whose association with ACT soccer goes back to 1958, will be seeking to re-establish a tradition of trophy gathering which has been in tradition of trophy gathering which has been in recess since the club took over Canberra's NSL League entry thre years ago; City, formed in 1977 to play in the inaugural National Soccer League, is building a reputation in local soccer which has seen it reach the last two Ampol Cup finals. Ampol Cup finals

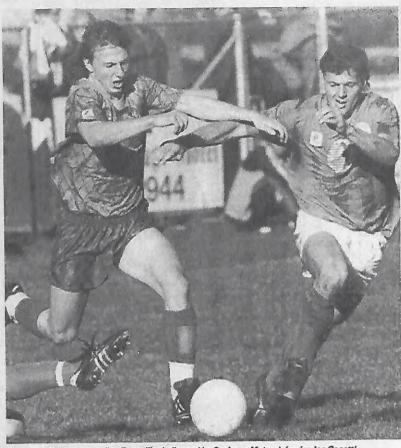

■ WESTON CREEK has granted Mario Stefanac leave to transfer to fellow ACT First Division club Canberra Croatia. The 23-year-old for-ward said be had been

unsettled at the Creek this season and wanted to return to the club where

return to the club where he once played in the same youth team as Soc-ceroo Ned Zelic. Stefanac's arrival will do something to offset an outward flow from Ian Gibson's squad — Paul Beltrami and Bruce Grassick have been taken up into the Metro's taken up into the Metro's NSW Youth team squad, and Phil Reis has indicated he no longer wants

THE ASF has endorsed the nomination of Canberra's Zubeida "Bibi" Thayer as a linesperson at the Women's World Cup in China in November. Also endorsed is Marilyn Learmont from Western Australia. The pair now have to wait to see if their nominations are nominations accepted by the In-ternational Football

Federation.

SYDNEY MACE 4 CANBERRA METRO 0

FABIAN Kadric and Scott Gilbert returned to their goal sco-ring ways with a brace apiece at Jensen Oval against a well below par Canberra Metro.

The 4-0 win was a return to form by Sydney Macedonia who are ra-rely troubled once they hit the lead in a match but have lesser powers of recovery when the boot is on the other foot.

Kadric capitalised on a rebound when Scott Gilbert's shot in the 42nd minute had bene bloc-ked, after a ball in by Billy Pilovski.

Gilbert made it 2-0

Interesting game on Saturday at Au-stral Park where Newcastle BHP Austral take on Svdney Macedonia. Despite the strong win by Macedonia over Canberra, we expect Australs to continue their recent form and win the game comfortably, especially as Macedonia does no fare well on long trips.

On Sundat Rockdale should defeat Southern Districts at Hurstville Oval, Zlatko Markovski being a key figure in this match.

Sutherland are get-ting worried now that they have failed to win since 9th June and to retain a hold on the lead they must beat Canterbury at Seymour Shaw Park. Everything points to a draw here and it should be a safe bet, with goals hard to

Warringah Freshwater are going to meet Canberra Metro at a time when the visitors are understrength and without guiding light Tom Sermania. A win is expected by the Northern Sydney side at Crome Park, with a two or three goal margin possible.

Avala and Blacktown meet in a Waratah State Cup rehearsal at The Serbian Centre and the unpredictable Avala must win soon in the State League to keep their supporters happy.

Patchy form of late has been far pleasing, the quality of their soc-cer not withstanding. Blacktown this time may frustrate them again, a score draw being a likely outcome.

Polonia are weakened at present and if ever Manly North Shore is going to win a game it is this one at Chopin Park, where the winner will be the side which makes the fewest Polonia are

ALTONA GATE 3 CROYDON CITY 1

BY VLADO VLAHOVIC

ALTONA GATE finally halted its three week losing streak after convincingly disposing of fellow title threat Croydon City 3-1, for only its second home win of the season at Paisley Reserve on Sunday.

Altona totally domi-nated the gritty Croydon outfit in the first-half and could have gone into the break three goals ahead. Simon Micevski bla-

sted over the top from close range, Robbie Georgievski totally miskicked his chance with an

Croydon caused a couple more auxious moments for Altona but not enough to seriously threaten and Altona soon re-asserted full con-

trol of proceedings.

Big John Markovski forced a couple of fine saves from John McKinlay but it was Jimmy Ke-bakoski, who found the target after 73 minutes with a 20 metre shot that took a wicked deflection to nestle into the near corner of the net. Altona rounded off

the scoreline right on the stroke of full-time after Lingurovski was man-handled as he weaved his way into the area. Egan converted the spot-kick with a shot into the bot-tom left hand corner of

BY CON STAVROS THE CLASH of the heavyweights at Middle Park on Sunday saw Juventus emerge with a 2-0 victory over Bulleen in a classic derby encounter.

Punctuated with goal-mouth action and bristling with passion, the eagerly awaited duel proved to be an excellant advertisement for the Premier League as the Italian giants stood toe-to-toe in a battle to the death.

ST ALBANS DINAMO and Fawkner Azzurri played out a 2-2 draw in one of the most exciting games of the season to date at Churchili Reserve on Saturday.

St Albans fielded a side which could have easilv been mistaken for a Melbourne Croatia XI. Dinamo took the early lead when Ollie Pondeljak received a short pass from Ivan Duzel and la-unched a low shot past Fawkner custodian Dean Anastasiadis.

Twelve minutes later, Pondeljak basked him-self in glory once more when he converted a penalty which had been earned thanks to the ef-forts of Mark Silic.

With the game all but won from a St Albans point of view, Fawkner opened up the game once more minutes before half-time when Robert Tombolato was used as a perfect decoy for Phil Stubbins to head into an unguarded net from a

as the main protagonist once more when he laun-ched a free-kick which keeper Mate Grgic could only deflect to the wait-ing feet of substitute Se-bastian Emmanuelle, who made no mistake

from close range.

As the game developed into a never ending ped into a never ending saga of missed opportu-nities, Ivan Kehc unleas-hed a shot which was mi-raculously saved by the desperate Anastasiadis who had been embarra-singly exposed by his de-fence only metres away from each from goal.

ALMIGHTY ALBION totally outplayed a disappointing Dove-ton to win 3-0 which included two goals from striker Dale White at Selwyn Park on Sunday.

The match started 20 minutes late due to a ground change by referee Bernie Upjohn who adjudged the no.1 sur-face unplayable for Pre-mier League soccer.

The first of White's

two goals came after only three minutes when best-on-ground Steve Douglas supplied a superb long ball for White to out run his opponent and slot home.

Albion was unlucky not to score minutes later when Douglas headed onto the post and White hit the rebound against the crossbar in a goalmouth scramble.

The Doves' main stri-ker Mitchell Cattermole

was not given decent ser-vice and those few he did receive lacked the neces-

TITLE-contender Bulleen Veneto faces improved Thomastown at the impressive Veneto complex in this week's match of

the day on Sunday.

These sides shared the spoils in a 2-2 draw in the earlier season fixture, but neither outfit will be happy with a draw on this occasion as they strive to bridge a small gap be-tween themselves and the Premier League

With six wins from se-

With ax was from seven games, Thomastown can safely claim the rule of most improved side in the competition.

On the other hand, Bulleen were undefeated for nine weeks and looked a million dollars against the previously feared Atlona Gate combination with it tro-unced them 5-0 with an

wesome display. The Italian derby will no doubt satisfy the expected large attendance and the Veneto club will start favourites against the desperate red-andblacks, who make a habit of surprising.

TITLE- ASPIRANT Croydon City battles league leader Bruns-wick Juventus in

clash at the plush Dorset Gardens complex on Sunday.

Croydon has slipped a ouple of notches on the couple of notches on the table in recent times and Juventus had a shock loss to Italian rivals Thomas-town two weeks ago at home, which adds further spice to this en-counter, with both sides desperate to make

amends.

Juve expects talented defender John Corvan to return from injury and Croydon will hope Archie McGeachy, Con Opasunis and David Klepac continue their good form when it really counts.

FAWKNER Azzurri has returned to some semblance of form and will really need every inch of it against the likes of Albion Turk-Gucu.

Albion showed much character in face of adversity to draw with another title-contender

THE battle between Western regional rivals Green Gully and St Albans Dinamo takes place at Green Gully Reserve on Sunday.

Both sides shared the points in their earlier season clash in a 1-1 draw and a similar result wo-uld not surprise with fluc-tuating fortunes and a similar position them both.

Oakleigh has displayed some impeccable form in recent times and has only slipped on the odd occasion. Oakleigh will start slight favourites against the Barkers, who always give a good acco-unt of themselves

The Barkers rely heavily on striker David McCallum and goalkeeper Martin Posar and, if they can quieten Goutzioulis, anything is possible.

Heidelberg has responded by terminating McKendry's position with the club.

"I'm disgusted but I cannot comment as the matter is in the hands of my solicitors. McKengry tol ABSW.

Olver has also refu-sed to be drawn on the issue, although I believe the former Socceroo, despite being at the peak of his career in goalkeeping years, was asked to accept a pay cut would would have slashed his wages in

Reigning NSL cham-pion South Melbourne Hellas is likely to bid for Olver's services, and may have already done so. Olver is already con-

firmed as the only non-Hellas player set to tour Greece this month, for matches against PAOK and Panathunaikos.

Hellas has previously sounded out three possibilities as a back-up or replacement for grand final keeper Bruce Maclaren, including re-legated St George star John Filan and Sun-shine George Cross yo-ungster Frank Taha.

Meanwhile, many of Heidelberg's senior players, some still un-paid from last season, have expressed their disappointment of the

dumping of McKendry.

"He's had success at every club he's been to and it's only because of him that the club won its place back in the NSL" said one. said one.

John Margaritis has been mentioned as a been mentioned as a possible replacement for McKendry at Olym-pic Village, with McKendry being tou-ted as yet another con-tender for the vacant Melbourne Croatia cosching ich

coaching job.
Olver's replacement
could be youngster
Dean Anastasiadis,
from Premier League club Fawkner.

Anastasiadis, who has had a sensational 1991 between the sticks at Jukes Road, is the son of one of the seven recently elected new committeemen at Heidelberg.

The pay cut issue has come as something of a surprise, given that only two weeks ago Anastasiadis senior, speaking on behalf of the new administration, said that the club was looking at spending at least \$50,000 on new players

for the coming season. The new committeemen, elected on the ba-sis that they would clear the clubs massive debts, all pledged substantial cash donations to help Heidelberg pay off its debts to the bank and to

dens to the bank and to the playing staff. The cash input, alle-gedly totalling some \$200,000, was, in the words of Anastasiadis, to "give the club a fresh start".

On his way - LEN McKENDRY.

Hellas ready to <u>start up-date</u>

SOUTH Melbourne Hellas has been given a provisional go-ahead for its ambitious plans to up-date home ground Middle Park

The reigning NSL champion has been buoyed by the news from the South Melbourne City Council that its plans for the renovations of the ground have been approved "in principle".

Lord Mayor Cr Sha-

ne Dowling told Hellas the good news last week

The approval of the plans, involving new double-storey club rooms and FIFA standard floodlights, will mean the first major upgrading of the famous ground for over two decades.

"We've been working on this for over 20 years", said a delighted Hellas president George Vasilopoulos.

"Getting the sup-

port of the council is better than winning the

championship".

And although nobody believes that for one minute, it is the third major boost for the biggest club in Vic-toria in the past three

With the championwith the champion-ship drought-breaker back in May, the deci-sion of coach Ferenc Puskas to remain back in June and the news that Middle Park is set for a facelift this month, Hellas is set to fairly steam into the 1990s

THE Victorian Soc cer Federation has declared its intention to stamp out crowd violence at Victorian matches after handing down a series of tough penalties against allegedly trouble-some clubs.

Victorian State League division three club Holland Park has been hardest hit by by the VSF's new iron fist poli-cy, having been suspen-ded for three years after brawls at one of the club's matches back in

April.
The sentence was handed down by the Victorian Soccer Federation's investigations and disciplinary committee two weeks ago.

An appeal by Hol-land Park against the decision was set down to be heard last night

(Monday).

The club, which has a history showing 22 other charges laid against it since the mid-1980s -- many of them relating to misconduct, also forfeited a \$2,500

bond imposed earlier this season.

Other clubs hit hard by the VSF committee were Provisional League outfits South Werri-bee and Melton.

Those clubs were fined \$1,000 and \$500 respectively for their parts in crowd disturbances when the two clubs met earlier this

THE MIKE JOHNSON REPORT

The big secret of success

THE emergence of Frank Ferina as our first fully fledged millionaire soccer player will already have made an impact on thousands of our young players throughout Australia.

To both budding soccer stars and their parents, it will be re-emphasised that Aussies have what it takes to make it right to the top of the tree.

the top of the tree.

Craig Johnston was the inspiration to young stars of the 80s.

How many of them, seeing his marvellous exploits for Liverpool, were stimulated to pack their bags and head overseas?

Eddie Krneevic in Belgium; showed the way in Europe at the same time Johnston was winning medials in England with Liver-

Now it is Farina's turn at Barr, but this time it is the big bickies in Italy that Frank is getting stuck into and that is really tempting to youngsters in Australia.

But how can they bring their standard up to scratch, to war-rant a place in the top leagues of

Europe? Well there is just two things

Well there is just two things they need to do. The first is easy — set a goal. Set a goal to play for a club in Belgium, Britain, Holland, Ger-many, Spain, Italy by a certain age, say 21.

That's the easy part, choosing goal of where to play, usually a a goal of where to piay, usually a country where you may have family connections, thus over-coming problems of work per-mits and visas.

Now choose the path to reach

your goal.

There are two paths to be

taken.
One is to go to the country of your goal very early, say fundand.
Get there about age of 15 as

Craig Johnston did.

The benefit of this is, you grow up with the higher standard of

up with the higher standard of soccer you are seeking to play in. The problem with this is, you forsake education and alternate work qualification if you do not make it in top soccer.

The second path, and so far most popular with our budding stars, is to wait until you represent Australia at the under 21 level or at semor level.

This is what Farina did.

That is the hard part, whether
you go overseas early or later.

It means years of hard though enjoyable work.

Krncevic, Farina, Mitchell, Slater, Arnold these are all Australian goalscorers who have made their mark overseas. Our midfielders have also had

some success and now liberos Paul Okon and Ned Zelic, midfielders playing in front and be-hind the defensive line, are also in demand.

This gives some clues for fat-hers of talented young sons, whom they may see as having a chance to play for Australia and/ or play overseas, if given expert coaching.

Many soccer-playing fathers

do coach up their sons.

In the aforementioned second grade game between Sutherland and Blacktown was a young midfielder named Harris.

He was the son of George Harris, former right back for St George and Australia in the Rale Rasic era.

It is better to choose a good coach rather than a good club when looking to place a boy in a rep team.

Somewhere along the line, it is vital that the lad learns about 'vision' which allows him to know where he is going to pass the ball before he gets it.

It is just as important that so-meone teaches the young player in his teens to be competitive

OUT with the old; in with the new. All 10 South American nations chasing the 28th Copa America have taken hold of his philosophy by employ-ing new coaches and players for the long haul to the 1994 World Cup.

But no two teams will be under the micros-cope more than Argen-tina and Brazil.

Argentina, disgraced as the defending World Cup holder in Italy exac-tly 12 months ago, will for the first time in 10 for the first time in 10 years be without its chief pirate Diego Armando Maradona, now caught in the jaws of justice for drugues.

Brazil, the defending champion, is truly start-ing anew as it tries to chase the riches of yesteryear. But so far poor results have left Brazil still confused as to how to achieve success that once seemed its divine right in soccer

Brazil was the first South American nation to name a new coach af-ter Italia '90. It gave the task of rebuilding Bra-zil's reputation to Falcao and immediately tied his hands by demanding he pick only locally-based players for the Copa

Unflattering results — a 1-1 with Paraguay, a 1-0 win at home against Romania B and a 3-3 with Argentina in Bue nos Aires — quickly had the CBD (the Brazilian Federation) granting Fal-cao the right to recall Brazil's European-based stars.

The picture has not im-proved since and now Falcao is blaming Brazil's female finance minister for his woes. Falcao says the financial crisis in Brazil is so severe his players are concentrat-ing on their wallets not

their games. Falcao has threatened to resign if Brazil loses to Argentina — and he al-most did so last week most did so last week when Brazil went thro-ugh its last warm-up match for the Copa Am-rica by playing the "old enemy" Argentina at the Pinheirao Stadium in

Argentina has re-placed Carlos Bilardo with Alfio Basile, who has retained only four of the Argentine 1990
World Cup squad —
Caniggia, goalkeeper
Sergio Goycochea and
defenders Oscar Ruggeri and Nestor Fabbri.

Basile, who is more at-tack-minded than his predecessor, had origi-nally planned to go with-out any European-based players. His initial 25players. His initial 25-man squad contained none, but then Basile re-lented to recalling Canig-gia after Argentina sum-bled to 8 2-0 win against a weak Hungary, a score-less draw with Mexico and the 3-3 draw with Brazil Brazil.

Ironcally, two of Basile's original 25 — striker
Sergio Zarate and midfielder Gerardo Martino

-- have been sold to European clubs.
Finding a replacement for Maradona as captain was easy. The Argentines only had to look at Ruggeri and his 62 international caps and two World Cup tournaments.

The Argentines have certainly been the most serious about winning the Copa America. They were the first in training and Basile has had his men working on the training pitch three or four times a week since January.

January.

Uruguay has chosen
Luis Cubilla, coach of
Paraguayan club Olimpia, as the successor to
Oscar Tabarez.

However, Cubilla has
been too busy preparing
Olimpia in its defence of
the Copa Libertadores to
head back to Uruguay
where his brother Pedro

oth matches in the US. Uruguay has kept only

Claudio Caniggia

three of its 1990 World Cup campaigners — goalkeeper Fernando Alves, midfielder Ruben Pereira and striker Ser-Pereira and striker Sergio Martinez. Only Alves was a recognised starter in Italy last year.
Colombia has had the
greatest saga in finding a
new coach.

A power struggle at
Nacional had Gomez replaced by Luis Garcia.

Now Garcia has been

Now Garcia has been accused by colleague Jorge Pinto of Deportivo Cah of trying to bribe referees and players when he coached Millionarios from 1988 to 1990

Both men have been suspended by the Co-lombian League for pu-blicly insulting each other.

And to make Garcia's problems worse, the Co-lombian national team players want him to

resign.

At this stage it is risky to suggest exactly who is Colombia's coach and what players make up its

squad for the Copa

America.

Chile has given its national coaching job to Arturo Salah, coach of the nation's best team, Colo Colo. His selection has been criticised because Salah has no inter-national experience. Chile will recall winger

Hugo Rubio, striker Ivan Zamoro and mid-fielder Jaime Vera, all experienced professio-

nais, from Europe.
Paraguay has called on
33-year-old former national team player Carlos
Alberto Kiese to lead its Alberto Kiese to head its new team to the Copa America. It would have preferred Cubilla but he's happier at Uruguay. Ecuador will be the biggest improver at the Copa America. It has changed democratika in changed democratika in

changed dramatically in its technical and tactical skills under the guidance of Yugoslav coach Dussan Draskovic, who has tried to blend the best of European and South American soccer in the Ecuador make-up. Un-fortunately, he has not had enough friendlies in which to hone this mixture.

Peru has given its

coaching job to Miguel Company, who has alrea-dy complained about the quality of his players and

the local competition which went into recess on May 12 to allow Company to build a national team.

Bolivia, a team used to playing at high altitude, has to cope with the low levels of Chile while Venezuela is still the baby of the bunch.

The 1989 Copa America was the South American teams' last step to Italia '90. The 1991 Copa America is the first step to USA '94.

The teams may be missing the big names, but they will all unveil the new hope and new play-ing styles that are designed to bring them suc-cess in the 1994 World

Cup. In contrast to 1989, the South Americans have played few internationals leading up to this Copa America. The reason—the South American club championship, the Copa Libertadores — was taking up the time of the continent's best players. The National Federations cannot force their clubs to release players for national duty, so they just gave up on the idea of a heap of friendlies before the

Hunter wants <u>to be skipper</u>

Former Socceroo Alan Hunter is returning to Queensland and wants to captain Brisbane United in the National League.

Hunter's \$23,000 transfer from Parramatta Melita was finalised last week chinching his re-turn to the Sunshine State for \$6,000 more than when he left as a raw 21-year-old five years ago.

The big defender was always one of the most popular players, in the State and wants to rekindle that reputation be talking on the captaincy of the new NSL team.
"I would love to captain Brisbane United in their first season, it would be a great honor," he said after his transfer was announced.

Hunter, who will be employed as the club's junior development officer, has made it quite clear he expects others to be signed to play around

him.
"The club needs to pick up a sweeper, a cen-tral midfielder, a goalkeeper and a striker to complement the talent already in Brisbane," he

said.

But Bleiberg conceded Hunter had "all the ing-redients" and would be considered.

Brisbane United also are expected to announce the signing of a Dutch player and are close to scaling a deal with an English Second Division midfielderstriker

The lure of a trip to New Zealand is adding intensity to the final stages of Queensland's hectic representative program this season.

A last minute goal from tireless Queens-land skipper Frank Pimblett allowed the Maroons to save face

against Otago.

Pimblett, who has hit a goalscoring purple patch for the first time in his 15year career, netted his first goal for Queensland in a dozen performances when he punished Otago for failing to clear a bob-

Queensland worked tirelessly throughout the game but suffered yet again from an attack which penetrated, but

Otago packed their defence, expecting a Maroon onslaught, but were able to easily cope with wayward Maroons shots and inexplicable hesita-tion on the edge of the box.

Gold Coast striker Peter Dwyer, making his first appearance in the Maroons since being a part of the indoor team which toured the United States 12 months ago, was particularly effec-tive. But his team-mates could not capitalise on the inroads the speedy winger made down the left flank.

Still, his performance was enough to underline his belief that Cutillas had erred two years ago when, as Lions NSL coach, he cut Dwyer from the Richlands Squad.

Oueensland frustration in not turning domi-nance into goals led to sloppiness at the back and Otago broke suc-cessfully shortly after the break to take an unde-

It was only then that Queensland displayed the commitment which should have enabled them to drill Otago in the first 45 minutes. Within 90 seconds of the Otago goal, the Maroons were back on level terms when Frank Mengotti pounced on a loose ball at the edge of the penalty box and drive an unstoppable shot into the net

Otago tried their luck on the break again 10 mi-nutes later and utilised a nutes later and utilised a rebound off the wood-work to play a one-two past stranded Queens-land keepe Stu Woodruf-fe for a 2-1 lead.

The onus was them on Queensland to chase the

equaliser to save face and it was a measure of the side's determination that they fought to the end and were justly rewarded with the late leveller.

"They worked for the result and were unlucky not to win," Cutillas said, "we lacked a bit of strike power but all of the boys put in a 200% effort."

COMMONWEALTH BANK BILL TURNER CUP

The semi-final of Area 10 in the Common-wealth Bank Bill Turner Cup saw the eagerly awaited Ryde local derby between Malvina High, conquerors of defending champions Epping Boys 3-2 in the previous round and arch rivals Holy Cross College, who had beaten a couple of strong teams in James Ruse 4-2 and Oakhill College 4-0 in their pre-vious couple of

outings.

Both schools have been amongst the best performed schools in the Northern Districts over the past five years and due to a quirk of the draw, have often found themselves opposed most years in a thrilling Round 3 or 4 match, with the honours narrowly going to Holy Cross.

This year proved to be no different. It was a stunned Holy Cross that saw Malvina take an early lead with a well taken goal from a lovely inswinging corner scored by Michael Vitsas. This stung Holy Cross into attack and from one of their many raids a ball through the middle was midhandled by the keep-er and Zan Kukucka following up was able to place the ball in the emp-ty net. Play flowed freely from end to end till Holy from end to end till Holy Cross were awarded a free kick just outside the box. In the second half Mal-

Johns Park High from the Liverpool-Fairfield area.

The past has seen some good runs in the open competition, the Commonwealth Bank Cup, but in the Turner Cup they have never been beyond the second round. This year they have been the giant killers of the competition and have collected some noteworthy scalps along the way — Pat Brothers Liverpool in a penalty shootont, followed by Bonnyrigg 2-0 and then the traditionally strong Pat Brothers Fairfield 1-0 in the third round.

The area semi final saw them opposed to yet another strong side in Westfields, at home, in a game which was eagerly awaited, after St Johns Park had held the Metropolitan South West Under 15 representative side to a scoreless draw in a hard fought trial.

The game opened with both sides closing each other down quickly, not allowing the opposing attacks any freedom. Midway through the first half a lovely St Johns Park move saw the ball find David Komarek, who rounded the keeper to open the scoring. Westfields were stung into action but St Johns Park keeper Frank Marra repelled all attacks on his goal to cnable his team to retain their lead at the break.

TAPIE WILL KEEP TRYING FOR GLORY

ERIC CANTONA: the French international striker is one of the players Bernard Tapie sold during the off season — to newly-promoted Nimes.

By reaching this year's European Champions' Cup final and despite losing a match they dominated to Red Star Beigrade in a cruel penalty shoot-out, France's Marseille confirmed they are now amongst the very top echelon of football clubs in the world.

They provide the sleazy port of Marseille with a heartbeat that everyoge shares.

Any fan there will tell you that Marseille, were put at the top by their president, Bernard Tapie. Like his lame com-

His political shrewd ness and reputation for giant killing are admit-ted by the president, Mitterand.

Tapic achieved hero status in December 1989 when he became the first politician to crush National Front leader Le Pen in a televised debate, with a barrage of statistics and rigorous argument.

Months later he said he would campaign in 400 "hot spots" where Le Pen's support was greatest.

Tapie, who normally signs five or six top play-ers in each close season, has signed one player to date — Mon-tpellier's international full back Pascal Baills but he said he expected to sign a big name striker and hoped to add at least one midfielder.

The club, battling against relegation last season, struck four first-half goals to set up a 6-2 win over FC Koln.

The victory gave nem their first them championship since

finished the season three points ahead of reigning champions Bayern Munich. The triumph marked a remarkable turnar-

ound in Kaisers-lautern's fortunes since trainer Karlheinz Feld-kamp took charge in February last year when the club were

second from bottom of the table.

In three months, the 57-year-old Feldkamp guided the team to their first German Cup win and to 12th place in the cable.

A year later Feldkamp has clinched his first league title after 21 years as a coach.

"It was important for the whole of Germany that we won and Bayern didn't," said Feldkamp as the team was presented with the silver plate

Two weeks ago, the new Terry Venables, Alan Sugar regime flexed its muscles, demanding more cash for Gascoigne, even though he is unlikely to kick a ball before Christmas.

The Italians left in a huff but knowing they had no rivals and that Spurs — £23m in debt — were in no finacial position to demand anything.

Now Sugar has called Lazio back to the table, shortly after announcing the club made a £2m loss

up to last December.
And this time patient Lazio president Gianmarco Calleri will get his man and present him in Rome

The £4.8m is already deposited on hold for Spurs, but they will only got the interest on it if Gazza is passed 100 per cent fit by a medical panel next May. If not, Lazio will take the money and £500,000 interest.

But they will pay Gazza's Spurs wages this season and lucrative friendlies in Rome and at White Hart Lane are scheduled for 1992-93.

Clarkson over the moon about his Pom success

ation, David Clarkson is "over the moon".

'Clarky', the bubbly Sunshine George Cross midfielder, is off to seek his fortune in the UK with English se-cond division outfit Brighton and Hove

After a two-week spell in Queensland to visit his parents, the 23 year-old will be the next of a lenghtening line of nove into professional

And Clarkson is

chaffing at the bit to get into the action.

"It's the big break for me", he said on the eve of his big move.

"I've got a 12 month contract with an option and I can tell you now that I'll be making the most of my chance".

Clarkson, whose Australian career has seen him play senior football in three diffe-rent states, went to the Goldstone Ground late in the 1990-91 season and, despite carrying the after-effects of a serious knee injury suffered when playing for Sunshine, impressed manager Barry Lloyd impressed enough to want the Aussie on board when the club starts its 1991-

92 campaign. Clarkson has already played nine reserve matches for Brighton with his first, against Fulham, coming just two days after he flew into England.

At this stage, his full transfer has not been settled.

Sunshine and Brighton have agreed to a

\$96,000 transfer fee but SGC spokesman Alf Zahra has said that the player has not been cleared "at this cleared

stage".
"We are hoping to have the details cleared up very soon", Zahra told ABSW.

He refused to discuss details of the hold-up, saying only that there was "nothing firm" as

yet.
"I haven't really heard anything about it", Clarkson says about the hold-up.

"They (Brighton)
aren't going to rush it.

"After all, they've
just finished playing for

the season". The Aussie's transfer

came about thanks to the persistence of Clarkson's manager, whom he met when on trial with Newcastle United in 1988.

His manager, the same man who took Brazilian Mirandina *o St James Park, had kept a number of British clubs informed of Clarkson's progress since that time.

After seeing a recent video of Clarkson in ac-tion, Brighton manager Lloyd immediately summoned the talented blond to the Goldstone

They really made me feel welcome there", Clarkson ex-plained.

"I didn't feel like I was going there on trial, I felt I was going there as a player".

Clarkson, although disappointed that the club failed at the final promotion hurdle last season, believes his chance to break into senior football might be

made easier in the second division.

"I was speaking to my agent the other my agent the other night and he said that there were quite a few players on the transfer list, so I may get my chance", he said.

"And playing in the second division might be better for me to start

Clarkson will return to Australia in August to marry sweetheart Debbie and the pair will then fly together to the UK for what he hopes will be a long and rewarding stay.

And the parting shot from a player virtually ignored by the national coaching hierarchy as he embarks on a professional career?

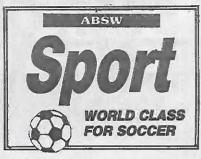

"I'd love to play for Australia and if he (national coach Eddie Thomson) gave me a call, I'd be more than happy to talk to him"

THE English Football Association Cup, the oldest club soccer competition in the world, will feature penalty shoot-outs for the first time next season.

Penalties will be used to settle drawn replays in the Cup, a competi-tion which dates back to 1872.

Up to now, drawn games were repeatedly replayed until a winner

MILLWALL striker **Teddy Sheringham** is ready to leave the Den in search of English First Division football next season.

Sherringham, 25, was leading scorer in the English League last season with 38 goals and has always made it clear he wants to play in the top flight.

He has rejected a new two-year contract with the Second Division side and feels the time is right to go, even though he still has 12 months of his current agreement with the ons outstanding.
"Teddy had a couple

of seasons in the First Division with Millwall and he's desperate to get back there," said manager Bruce Rioch.

Chelsea are the favourites to provide it, al-though it will take an offer of \$4.3 million to persuade Millwall to sell their greatest asset. Nottingham Forest have already had had one \$3.4 million re-

jected. Meanwhile, former England midfield man Martin Dobson has quit after a month in charge of non-League Northwich Victoria to become manager of Se-cond Division Bristol Rovers.

He has signed a three-year contract as the successor to Gerry Francis, who left Rovers recently for Queen's Park Rangers.

Aston Villa paid a club record Stg1.6 million (\$A3.38 million) for Real Sociedad striker Dalian Atkinson.

Villa's new manager Ron Atkinson originally signed the former England under-21 in-ternational for Sheffield Wednesday two years ago before selling him to the Spanish club. Atkinson said of the

23-year-old player: "As soon as I took over at Villa I knew that Dalian was a player I had to sign. He is one of the most exciting players that I have ever worked with."

Nottingham Forest's England midfielder Steve Hodge joined Leeds for \$1.5 million.

Leeds, who finished fourth in their first season back in Division One, have signed Southampton twins Ray and Rodney Wallace and England defender Tony

Dorigo in a bid to build a championship-winning side.

Republic of Ireland midfielder player Mike Milligan has rejoined Oldham from Everton Oldham from Everton just one season after leaving Boundary Park for Stg1 million (\$A2.12 million). Joe Royle, manager

of the newly-promoted English First Division side, paid a club record Stg600,000 (\$A1.2 million) and confessed: never wanted to sell him in the first place. I'm delighted he's back."

Everton will no doubt be putting that cash towards their at-tempt to lure Wales striker Dean Saunders away from Derby. The hard-up Second

Division side want Stg3 million (\$A6.35 million) for their hot shot, who is also reported to be interesting Italian club

SCOTS SPLURGE

SCOTTISH champions Rangers lifted their summer spending spree to nearly Stg4 million (\$A8.50 million) when they captu-red left back David Robertson from Aberdeen.

The Premier Division clubs have yet to agree a fee, but what-ever an independent tribunal orders Rangers to pay — they have of-fered Stg650,000 (\$A1,380,000) and Aberdeen want Stg1 million (\$A2.13 million) — they will have spent over Stg3.5 million (\$A7.44 million) in the last fortnight with Robertson's move.

They captured Scotland goalkeeper Andy Goram from Hibernian for Stg1 million (\$A2.13 million) and then spent Stg2 million (\$A4.25 million) on So-viet midfielder Sergei Mikhailichenko from Italian club Sampdoria

Robertson, who has igned a three-year contract, commented: took me five minutes. over the weekend to make up my mind.

"Rangers were first in and that was it. I did not talk to other clubs."

Howe's that?

DON Howe, the former England assistant manager sacked by Queen's Park Rangers two months ago, is set to return to London neighbours Wimbledon as coach.

The 55-year-old onetime Arsenal boss is to have talks with Wimbledon manager Ray Harford this week.
"There's no hurry

and I haven't made up my mind about any-thing yet," said Howe, who was Wimbledon coach under Bobby Gould when they won the FA Cup in 1988. "I'll be talking to Ray

this week, discussing terms and finding out what the job is all about.

"But I may not make decision for a couple of weeks.

'At the moment I'm just enjoying summer.

BVV Den Bosch have appealed UE-FA's three-season ban against them competing in European Cup play.

"We think this is an absurd situation, con-tradicting the law," BVV Den Bosch manager Chris van de Laar

HEFA confirmed that the appeal had been filed.

The Zurich-based Union of European Football Associations banned the Dutch cup finalists because Den Bosch went to civil court to obtain a replay of the June 2 Cup Final's second half against Feyencord.

Under UEFA regulations, clubs must settle soccer-related disputes exclusively through their national soccer authorities.
The Royal Dutch

Soccer Association had refused to order a

replay.
As a result of the sanction, Feyenoord was awarded the Dutch berth in next season's European Cup Winners'

Cup.
The court replay order, invalidating Feye-noord's 1-0 win, was is-sued because Rotterdam fans had poured onto the field and disrupted play several times during the second half.

The replay had been postponed until July at the earliest.

laradona's plea

DIEGO Maradona's defence lawyer told a Naples court last week that, in a bid to reduce his sentence, Mara-dona would plead guilty to charges he used and supplied cocaine.

Judges postponed Maradona's trial until September 18, when the disgraced Argen-tine is expected to be well enough to appear in court.

'I cannot defend Maradona adequately if he is unable to attend

his trial.

"He wants to come here to plead guilty and obtain a reduced sentence," his lawyer Vin-cenzo Siniscalchi told the court.

The former Napoli and Argentina World Cup captain has been undergoing medical and psychological treatment in his home-land since late April.

He must appear in person to plead guilty.

Maradona, 30, was charged following a police investigation into a drugs and prosti-tution ring in Naples.

He was questioned by public prosecutor Luigi Bobbio on March 31 and flew home to Argentina on April 2.

He has been banned from soccer for 15 months for doping.

On April 26, Maradona was arrested in a drugs raid on a suburban Buenos Aires flat.

He was released on \$26,300 bail after spending two days in
